- Subject to a 6-month probation period.

Position Statement

Domestic Violence Support Service at YWCA Canberra aims to provide a free and confidential service for women and children in Canberra who are affected by domestic and family violence.

YWCA's goal is to support women and children to reach a stage where they are safe and free from fear of domestic and family violence. We provide a range of services, risk assessment and safety planning, including information and referral, practical assistance, advocacy, and emotional support.

Using a feminist framework that acknowledges a gendered analysis of domestic violence, YWCA DVSS aims to provide a holistic response to women with and without accompanying children who are experiencing domestic and family violence and related homelessness, emphasising the principles of empowerment, self-determination and an acknowledgement of the dynamics of domestic violence in a political and social context. We do this through the provision of direct support, safe accommodation and housing options and programs that aim to create a non-violent community where women and children, regardless of their social and cultural background, age and sexual orientation, will have access to the knowledge and supports needed to take control over their own lives.

This position through **case management** and **assertive outreach** for our clients, will provide a range of services that will include:

- Risk assessment and safety planning
- Advocacy for safety and housing
- Information and referral and support to access services
- Practical assistance and emotional support.
